OFFICE OF PETITIONS
ON PETITION

This decision concerns the February 4, 2003 petition, under 37 CFR 1.137(b), to revive the above-identified application.

The petition is **GRANTED**.

A final Office Action was mailed on October 11, 2001, giving Applicant a 3-month shortened statutory reply period. No reply was filed on or before January 11, 2002 and no extension of time under 37 CFR 1.136(a) was obtained. The application became abandoned on January 12, 2002.

The instant petition encloses the \$650 petition fee (small entity); a proposed amendment and a set of drawings, both as reply to the October 11, 2001 final Office Action; and a statement that the entire delay in submitting these items from the due date until the filing of a grantable §1.137(b) petition was unintentional. The proposed amendment and the drawings have been approved for entry by the Examiner. The petition is thus granted.

In addition, the address indicated in the petition is different from that in the Office record. If Applicant desires to change the correspondence address for this application and/or the ultimately issued patent, a request for change of correspondence address should be submitted prior to or with the payment of issue fee.

The application file is being returned to Technology Center 3600 for further processing.

Telephone inquiries should be directed to the undersigned at (703) 308-0763.
